I would like to thank the staff and CoM members for their assistance over the last year helping arrange and conduct interviews. Looking forward to the new year, we are looking to improve the membership signup process by making use of the new website to allow existing members to view and provide feedback on new applicants. It is hoped that this new process will help tap into the collective knowledge of our existing membership to ensure that CBYC remains a place that members want to be a part of. If members have any suggestions for what they would like to see in the new process please email [members@cbyc.co.uk](mailto:members@cbyc.co.uk) or talk to me if you see me around the club.
