Local Notice to Mariners

16/2025 – issued 13th September 2025

LARGE SWELL EXPECTED – PADSTOW APPROACHES 15th – 20th SEPTEMBER 2025

- Mariners are advised that over the coming days, forecast conditions indicate large swells affecting the approaches to Padstow Harbour.
- These conditions are expected to create rough and dangerous seas, particularly across the Doom Bar.
- In the interest of safety, Mariners are strongly advised not to attempt to cross the bar outside of three hours either side of High Water.
- Extra caution should be exercised when navigating in the approaches to Padstow at all times, and all vessels should ensure they are properly prepared for adverse sea conditions.
- Smaller craft are particularly at risk and should avoid attempting a crossing during this period unless absolutely necessary.
- This Notice will remain in force until conditions abate.
- For more details please contact the Padstow Harbour Office on 01841 532239.

Bryn Phillips

Padstow Harbour Master
